

Watauga Democrat.

VOL. XXII

BOONE, WATAUGA COUNTY, THURSDAY, NOVEMBER 24, 1910.

NO. 21.

There is little danger from a cold or from an attack of grip except when followed by pneumonia, and this never happens when Chamberlain's Cough Remedy is used. This remedy has won its great reputation and extensive sale by its remarkable cures of colds and grip and can be relied upon with implicit confidence. For sale by all dealers.

Why Abuse Your Watch

You do not run your buggy, sewing machine or other machinery till it squeaks and grinds and cuts itself to pieces. You clean and oil it often. You should be as careful with your watch. It is small and cannot squeak loud when it is dry and needs oiling. You may not know it till the watch is completely ruined and stops. Bring your watch to me I will show you and explain the exact condition. Take proper care of your watch and it will last you a life time. Consult me on watch Diseases.

Yours Very Truly,
S. M. GREENE, Jeweler.
Booneville, NC. R. F. D.

Thomasville Orphanage.

Charlotte Chronicle.

By far the most interesting piece of literature brought by The Chronicle's mail today was an illustrated pamphlet commemorating the twenty-fifth anniversary of the Thomasville Baptist Orphanage. The history of the institution from its inception reads like a romance. It is stated that the largest bequest ever made to the orphanage was that of Dennis Simmons, which amounted to one hundred thousand dollars. This fund is well invested, yielding an annual dividend of six per cent. The money is used in the improvement of the plant and for other purposes not included in the support fund. The current expenses are met, as they have always been, by the Baptist churches and Sunday schools of North Carolina. More than five hundred Sunday schools give a monthly offering to the orphanage, and this source of income has grown until it covers about 40 per cent of the current expenses of the orphanage. The financial statement shows that the receipts for the year were \$52,598.56. The assets are \$1,583.35 in excess of the liabilities. The expense bill averages about a hundred dollars a day—a barrel and a half of flour a day, two or three barrels of meal, a whole beef when used all round, ten bushels of sweet potatoes, four or five bushels of Irish potatoes, when potatoes are used, and other things accordingly. About 800 pairs of shoes are turned out from the shop annually; 600 of them are for the children. Each shoe goes back to the shop for repairs three times, on an average, during its earthly existence. The herd of cattle, mostly Holstein, numbers about thirty-five. They have been tested recently for tuberculosis by the State veterinarian. This test will be repeated at proper intervals. One hundred and seventy-five acres of the farm are in cultivation. A large part of it is devoted to trucking and raising feed for the cattle. The boys do a large part of the work. Two colored men are employed to do the very heavy work. Four mules and three horses scarcely sufficient to do the team work. The boys run the mowers, disc plow, disc harrow, plow and harrows, and at times as many as fifty are handling hoes. Mr. S. H. Averitt, who is also treasurer, manages the farm. The children go to school half the day and work the other half. There are two sets of teachers, one for the morning and one for the afternoon. The ladies are in each dormitory, teacher and matron. The teacher has charge in matters of authority.

These facts are sufficient to give the public an idea of how things are managed at this model institution. There need be no hope on part of friends of other similar institutions to work up a management to surpass that of the Thomasville Orphanage, for it cannot be done. There may be an orphanage in some part of the country as well managed as that at Thomasville, but nowhere is there one better managed.

Both Speedy and Effective.

This indicates the action of Foley's Kidney Pills, as S. Parsons, Battle Creek, Michigan, illustrates: "I have been afflicted with a severe case of kidney and bladder trouble for which I found no relief until I used Foley's Kidney Pills. These cured me entirely of all my ailments. I was troubled with the backache and severe shooting pains with annoying urinary irregularities. The steady use of Foley's Kidney Pills rid me entirely of all my troubles. They have my highest recommendation." Sold by M. B. Blackburn.

Democrats Show Their Teeth.

Mark Squires in Lenoir Topic.

Caldwell has returned to the Democratic column. The victory though not quite complete, being married by swapping in two townships, is decisive. The people of Caldwell have returned unto their own and for this great and decisive change we are truly grateful. The Democrats showed their teeth and went to work earnestly for the first time in six years their efforts were crowned with success.

It would be idle to dwell at length upon this revulsion of sentiment and the causes that led to the change from a Republican majority of two hundred and better to a small Democratic majority. These causes are known of all men, superficial observers though they be. The Republican loot is no longer upon our neck, as was stated by a local Republican orator at their county convention and they have not held us down.

To the Democrats that have have so loyally worked in and out of season there is and shall be all praise. To the republican voters who have aided in bringing about this happy end we shall promise that their votes have been exercised for their country's betterment.

But with the completeness and decisive nature of our victory let it be remembered that we are confronted with the responsibility of government. Let us be husbanders of the county's resources without being penurious in the administration of affairs. Let our progress be for things substantial. When we build let us build for all time. Let us be courteous and respectful of the rights of every one and let the governmental affairs be administered without fear or favor and with justice to all. Let us keep the fountain of justice clean and develop our county and the trust which has been placed in our keeping by the people in the exercise of their suffrages shall be replaced into our hands by greater majorities year by year.

In conclusion again allow me to thank each and every person whose diligence has aided in bringing about the happy condition of affairs resulting from the election. Never men fought more loyally and the principles for which they strive will not die but by the continued efforts of all shall be perennial in our midst.

Saved An Iowa Man's Life

The very graye seemed to yawn before Robert Madsen, of West Burlington, Iowa, when after seven weeks in the hospital, four of the best physicians gave him up. Then was shown the wonderful curative power of Electric Bitters. For, after eight months of frightful suffering from liver trouble and yellow jaundice, getting no help from other remedies or doctors, five bottles of this matchless medicine completely cured him. It's positively guaranteed for Stomach, liver or kidney troubles and never disappoints. Only 50c at all druggists.

John Grant's cornpone campaign a big flat. A thoroughbred politician would never have waged such a campaign, for indeed every voter was forth with renounced of the time when the best of all dishes, cracklin' bread, was of easy access; but "poor John" went heedlessly on never dreaming why the faces of his hearers became sad when he mentioned "Cornpone."—Marion Progress.

For pains in the side or chest dampen a piece of flannel with Chamberlain's Liniment and bind it on over the seat of pain. There is nothing better. For sale by all dealers.

Day of Golden Opportunities.

Progressive Farmer and Gazette.

When you are a man, Farmer Boy, the farms in your neighborhood will be better farms; they will be cultivated better, and grow bigger crops; better live stock and more of it, will be on them; there will be better buildings, better roads, more machinery, less hard physical work and greater demands for clear and accurate thinking. All this means that the farmer of that time will have to be a better farmer than those of today and this, in turn, means that right now, while you are a boy, if you would be one of these good farmers, you must begin to prepare yourself for it. You must lose no chance to study, to acquire useful knowledge, to keep yourself strong in body and mind, to form good habits. If you do these things, the future is yours, if you do not, you will be swept aside by the march of progress, and be one of the "poor farmers" the failures. What are you doing about it? Are you making the most of your school, of practical training you get on the farm, of the books and papers you read? Have you ever thought about a college course—the short course in agriculture at least—and about the fact that the farmer needs to prepare for his work just as does a lawyer or doctor? If you begin your life work poorly prepared, the blame will be largely your own, for on every side the doors of opportunity are open.

When you are a woman, Farmer girl, the homes of the country may not be any dearer to those who share them, but they will be brighter, more beautiful, better furnished, equipped with a hundred conveniences of which your mother has never known. There will be less hard work in the house-keeping of those days, but there will be demanded of the housekeeper a wider range of knowledge, a capacity to deal with problems which are now left entirely to the physician or the teacher, or the legislator. All this means that you, too, must keep both body and soul clean and pure and strong that you must train your hands and discipline your mind, so as to be ready for the studies that will be yours. If you are thus prepared, you will help to lift the whole race to a higher plane of living; if you are not, you will tend to hold it down. You are deciding right now which part you shall play.

Not Sorry For Blunder.

"If my friends hadn't blundered in thinking I was a doomed victim of consumption, I might not be alive now," writes D. T. Sanders, of Harrodsburg, Ky., "but for years they saw every attempt to cure a lung-racking cough fail. At last I tried Dr. King's New Discovery. The effect was wonderful. It soon stopped the cough and I am now in better health than I have had for years. This wonderful life-saver is an unrivaled remedy for coughs, colds, lagrip, asthma, croup, hemorrhages, whooping cough or weak lungs. 50c and \$1.00. Trial bottle free at all druggists.

One small farmer, says an exchange, feeds and clothes his family from the proceeds of butter and milk which he gets from one Jersey cow. The record of this one cow last year was 600 pounds of butter and 1,000 gallons of milk which netted the owner about \$250.

FOLEY'S URINARY LAXATIVE
FOR URINARY TROUBLE AND CONSTIPATION

Governor-Elect Hooper.

Raleigh Evening Times.

The story of the life of Governor-elect Hooper, of Tennessee, furnishes a lesson and an inspiration in opportunity.

The Baltimore Sun says of him: "The governor-elect of Tennessee is Benjamin W. Hooper, less than 40 years of age, who does not know his real name or who his parents were. He was found on the streets of Knoxville and committed to the care of an orphan asylum whence he was taken 10 years later by Captain Hooper, of Newport, Tenn., who gave him his name and educated him. It is one of the splendid things about this republic of ours that the name a man makes for himself is the only thing that counts; the things he does, the only ones reckoned up when the people look about them for their leaders. From orphan asylum to the executive mansion! From nameless waif to governor of a sovereign state! The way is always open in this country to those who work and strive and keep the faith."

It is the man himself that counts. If he is of worth and merit he will be given due recognition, no matter what the history or lack of it of his ancestors. All men may not be born equal, but the accident of birth will neither make nor unmake the man. He must do that himself.

Chamberlain's Stomach and Liver Tablets do not sicken or gripe, and may be taken with perfect safety by the most delicate woman or the youngest child. The old and feeble will also find them a most suitable remedy for aiding and strengthening the weakened digestion, and for regulating the bowels. For sale by all dealers.

Will Promote Beauty.

Women desiring beauty get wonderful help from Bucklen's Arnica Salve. It banishes pimples, skin eruptions, sores and boils. It makes the skin soft and velvety. It glories the face. Cures sore eyes, cold sores, cracked lips, chapped hands. Best for burns, scalds, fever sores, cuts, bruises and piles. 25c, at all dealers.

The Times Mercury says that Hickory this year has shipped 7,091 crates of sweet potatoes. Asheville was the largest individual buyer, taking 1,588 crates; Boston stood next with 658 crates. The Catawba sweet potato, as we have aforesaid, tops the list and is in demand everywhere. Our farmers can't produce too many of the tubers. Speaking of the tubers, The Morning News-Herald says William McConaughy raised this year a fine crop of them and showed three that weighed 20 pounds. J. D. Pitts another Burke farmer, raised 100 bushels on a quarter acre. One of the potatoes weighed 6½ pounds.

Shall Women Vote?

If they did millions would vote Dr. King's New Life Pills the true remedy for women. For banishing dull, fagged feelings, backache or headache, constipation, dispelling colds, imparting appetite and tuning up the system, they're unequalled. Easy, safe, sure, 25c, at all dealers.

It often takes tremendous hammering to find out what is in us.

Mr. Otto Paul, Milwaukee Wis., says Foley's Honey and Tar is still more than the best. He writes us: "All those who bought it think it is the best for coughs and colds they ever had and I think it is still more than the best. Our baby had a bad cold and it cured him in one day. Please accept thanks." Sold by M. B. Blackburn.

BANK STATEMENT.

Following is the report of the condition of the Watauga County Bank at Boone, N. C., in the State of North Carolina, at the close of business Nov. 10, 1910.

Women may be gamblers as to bet each other hate.—Columbia State.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

Weak and unhealthy kidneys are responsible for much sickness and suffering, therefore, if kidney trouble is permitted to continue, serious results are most likely to follow. Your other organs may need attention, but your kidneys most, because they do most and should have attention first. Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root. A trial will convince you of its great merit.

The mild and immediate effect of Swamp-Root, the great kidney and bladder remedy, is soon realized. It stands the highest because its remarkable health restoring properties have been proven in thousands of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Dinghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, and don't let a dealer sell you something in place of Swamp-Root if you do you will be disappointed.
